

Accelerating Integration™...

Complex technologies and constantly changing business environments are among the top challenges faced by organizations today. As a result, companies are integrating more both inside and outside their four walls. It is no surprise that the highest performing organizations demonstrate greater levels of integration throughout. Those on the path to growth realize that to compete effectively means linking systems together, aligning business units, and providing the right information to employees and partners.

TwoConnect is an award winning solution provider and Microsoft Gold Partner. For the past 13 years our:

- :: Application integration solutions and services
- :: Integration accelerator products
- :: Certified subject matter experts

Have helped businesses across a variety of industries unify and transform data to improve productivity, flexibility and overall business performance.

About Us

Founded in 1994 and based in Miami Florida, TwoConnect is an award winning solution provider, Microsoft® Gold Certified Partner and member of the elite Microsoft BPI (Business Process Integration) Virtual Technical Specialist Team.

TwoConnect is committed to helping companies compete and grow more efficiently and cost effectively by seamlessly connecting business systems across the enterprise. TwoConnect provides solutions to enable collaboration and company-wide sharing of information that is essential to organizational processes and goals. TwoConnect has delivered results for companies such as: Exxon, Intel, L'Oreal, UPS, UBS Switzerland, Brightstar Corporation, Microsoft, and Lockheed Martin

"We greatly improved our productivity because we no longer face the costly and time-consuming burden of maintaining and upgrading several disparate homegrown systems thanks to TwoConnect,"

– Atlantic Dental Inc

- :: Microsoft Certified Solution Provider
- :: Microsoft Gold Partner
- :: Microsoft Business solutions Partner
- :: Microsoft Virtual Technology Specialist
- :: Microsoft Certified Supplier Enablement Partner
- :: Oracle ACE Award recipient
- :: Microsoft MVP Award recipient

Solutions Overview

Market Fact: *“Despite rationalization, application portfolios remain large - up to 1,000 systems in the largest 500 global firms and up to 400 in the next top 10,000 enterprises. The number of integration points needed is also high - averages of 1,000 and 500 respectively for these two groups.”*

– Application Integration Challenges Research Whitepaper, Software Strategies Inc.

Application integration is top of mind with every business and IT decision maker. Whether it’s to:

- :: Meet compliance or corporate governance requirements,
- :: Integrate systems post merger & acquisition,
- :: Leverage the clear benefits of SOA, or
- :: Implement a new enterprise application (CRM, ERP...) with other existing/legacy applications

The fact is that application integration remains fundamental to overall business performance. At TwoConnect we do not embark on “boil the ocean” initiatives; those where there is no end in sight to the cost or scope of the project. Instead, we focus on offering solutions that provide more immediate benefits and faster time-to-value by providing a combination of reusable software (IP) and expertise to solve your most pressing integration requirements.

TwoConnect Integration Solutions

TwoConnect provides integration consultation and innovative solutions for customers in many industries across North America and the world.

- :: Application Integration (Business Process & Data)
- :: Practical SOA
